PETITION UNDER 37 CFR §1.137(a)
TO REVIVE UNAVOIDABLY ABANDONED APPLICATION

Pursuant to 37 CFR §1.137(a) and in response to the Notice of Abandonment mailed December 1, 2003, applicant hereby petitions to revive the abandoned application. The application was abandoned for failure to respond to the Advisory Action dated July 25, 2003. Applicant, however, submits that any delay was unavoidable.

Upon receipt of the July 25, 2003 Advisory Action, applicants' representative conducted a telephone interview with Examiner Laura Schilling. During the interview, an agreement was reached, between the Examiner and applicants' representative, to issue a new action, withdrawing the finality of the action dated March 13, 2003 and thereby setting a new, corresponding time period for response thereto, as well as an interview summary form memorializing the above agreement.

Subsequently, during several telephone conversations, the Examiner related to the applicants' representative that the above-identified application had been lost within the U.S. Patent and Trademark Office. The attached Patent Application Information Retrieval printout evidences the loss of the file. As a result of the loss of the file, the Examiner stated that she was unable to issue either the interview summary form or the new office action. However, the Examiner stated that these items would be issued immediately upon location of the file.

The file was located on November 26, 2003 and shortly thereafter, a Notice of Abandonment was issued by the Examiner. During the subsequent telephone conversation

between the Examiner and applicant's representative, the Examiner agreed that the Notice of Abandonment was issued in error.

Accordingly, the Examiner agreed that the Notice of Abandonment should be withdrawn so that the interview summary form and the new office action could be issued. The Examiner further indicated that, based on the circumstances as described above, any delay by applicant in responding to the action dated July 25, 2003 was unavoidable. As a result, the Examiner indicated that the Notice of Abandonment should be withdrawn and that no fee would be due in association with the filing of this petition.

Therefore, applicant requests that the abandonment be withdrawn and that the enclosed Patent Application Information Retrieval printout along with this petition be accepted as a response to the Notice of Abandonment mailed December 1, 2003. A copy of the response to the action dated March 13, 2003 is also enclosed for the Examiner's convenience.

No fee is believed to be due in connection with the filing of this petition. Please apply any charges or credits to Deposit Account No. 06-1050.

Respectfully submitted,
